

# ENVIRONMENTAL VOLUNTEER OPPORTUNITIES

Community Bushland Care volunteers remediate degraded natural areas in the Noosa Shire & welcome new residents and out-of-town visitors to join them for a morning or two or more.

There are 20 friendly groups working on various days throughout the month at interesting and varied sites restoring native vegetation and fauna habitats - removing "invasives" & revegetating.

There's no previous experience necessary, and we'll provide the tools, gloves and morning tea.

## CURRENT OPPORTUNITIES
